GGSE Guest Wireless Information

The GGSE Guest wireless service must be in compliance with UC and UCSB policy. Operating requirements can change at any time. By using this service you agree to abide by the [Network and Communication Policies](#) of the University of California.

To utilize guest wireless services you need to be aware of the following:

1. Contact Information. Valid contact info must be provided to Security@education.ucsb.edu prior to use.

This information must include:

- Full Name
- Current Email Address and/or phone number

2. Access. Guest Wireless provides access to the commodity Internet ONLY and NOT to the GGSE networks. It is best to inform us in advance of your needs as other groups may be using this limited service. Access can not be guaranteed.

3. Log On Information. The GGSE Guest wireless network is publicly broadcast.

You need the following information to connect and access the guest network:

- Network Name (SSID): GGSE Guest
- Security: WPA2 Personal
- Password (PSK): assigned weekly, contact ITG

CASE matters! Please type in the information exactly.
Guest password is valid Monday - Sunday (changes every Monday).

Sincerely yours,
William Doering
